Traditional fruit cake

*You can choose to have a different flavour in each tier at no extra cost. If there is another flavour you have in mind, please do let us know. All of the above flavours are alcohol free, but if you would like an extra kick in your cake we would be more than happy to spice up your sponge with a liqueur, perhaps Cointreau for the orange cake or Limoncello for the lemon cake.*

*Here at Urban Pantry we love a challenge! So if you have a favourite dessert or chocolate bar we would be delighted to recreate this bespoke flavour in cake. All of the above flavours can also be created for cupcakes with the inclusion of fresh fruit if desired.*
